WORK EXPERIENCE

- **LiVante Developments**   **Toronto ON**
  Project Accountant   **June 2017 – Present**
    - Improved the efficiency of the accounting system, through the timely requirement of all necessary paperwork from other key departments and clients / vendors.
    - Decreased expenditure by effectively implementing contractual obligations & negotiating additional work on a case by case basis.
    - Enriched productivity of construction processes through implementing a robust purchase order system.
    - Developed strong relationships with executives and other employees, allowing for swift conflict resolution, increased productivity and an overall improvement in communication.
- **Mattamy Homes**   **Vaughan ON**
  Junior Financial Analyst   **March 2017 – May 2017**
    - Enriched the efficiency of the reporting team by assisting with the creation of monthly financial reporting packages.
    - Enhanced productivity in converting to a new enterprise system planning software (JDE) through multiple account analyses, resulting in the reclassification of accounts from one system to another.
    - Established a strong understanding of the company environment and an ability distinguish between different types of contracts such as Joint Venture agreements.
- **Greenwin Inc. & Johnson Insurance Inc. - Summer Internships**   **Toronto / Newmarket, ON**
  Junior Financial Analyst - 2015   &   Accounting Analyst - 2014   &   Claims Assistant - 2013
    - Elevated comprehension of company financial growth and stability through the analysis of revenue, operating expenses and profit on a year-over-year and quarter-to-quarter basis.
    - Perfected communication between account managers, vice president and director of finance through prompt reporting & administrative task completion.
    - Amplified interdepartmental productivity through the implementation of a purchase order tracking system.
    - Provided top-quality customer service while developing close relationships with insurance adjusters, which allowed for efficient and prompt assistance throughout the entire work term.

EDUCATION

- **Full Stack Web Development Certificate**   **May 2018 – November 2018**
    - University of Toronto, St. George Campus
- **Honours Bachelor of Business Administration**   **September 2012 – May 2016**
    - Wilfrid Laurier University, Waterloo Ontario
    - Finance Major – Economics Minor
